

BG Has 'Do Or Die' Forum On Bond Issue Monday

BELLE GLADE — A jam-packed audience of citizens and taxpayers is expected to fill the city commission hearing room in city hall Monday night for the first wrap-up public forum to discuss the \$2.6 million bond issue which will be voted upon in the Sept. 11 election.

Bob Lanier, president of the Chamber of Commerce, will preside at the meeting and introduce officials and experts who will detail proposals and answer all questions.

Among those scheduled to participate in discussions are all city officials and commissioners, the firm of Russell and Axon (consulting engineers), E. C. Hodges of B. J. Van Ingen Co. (fiscal agents), and Sanitation Engineer Ben O'Neal and Inspector Clyde Brown of the county health department.

The proposed bond issue would provide for a water improvement system costing \$560,000, a sewage disposal system costing \$1,920,000 and a city incinerator costing \$120,000.

City Manager Clarence Robinson said this week a public address system of the audience can hear what is going on at the meeting and so their queries from the floor can be heard. He said that while brochures explaining the bond issue have not been received, it is expected Mr. Hodges will bring press proofs with him.

At the June meeting, Russell and O'Neal both expressed concern over the Belle Glade health situation, saying present poor sanitation invites epidemics which could possibly threaten the very existence of Belle Glade's thriving produce-packing industry, with produce embargo a definite possibility if epidemics such as amoebic dysentery occur again.

Monday's discussion will include (1) what the present health situation is (2) what can be done with a modern water/sewage disposal system, and (3) what the cost in dollars and cents per month will be for Belle Glade citizens.

FIRST GRID GAME MONTH OFF, MAYNOR AND PELL SCHEME

With the football season only a month away, indications this week were that pigskin interest in the Glades will likely hold to fever pitch well before the explosion scheduled for Nov. 28 when arch foes Pahokee and Belle Glade face each other in the season finale.

New Coach Jim Maynor, a former Pahokee High senior, put his Belle Glade Rambler charges — 37 of 'em — to work Monday in workday sessions. The team will be run off in secret and to the exclusion of all outsiders, including parents, until the 21st opener with Seacrest High.

"Maynor is a rugged driver," one Rambler was heard to comment, "but he's getting us in shape."

No matter what Maynor's secret weapons may be, the Ramblers are reported in for a "new deal," with veterans on hand

including Ken Norris, John Prevatt, Charles Royal, Wayne Mock, Lou Friedheim, Vance Broome, Dan Jones, Billy Jackson and Earl Armstrong.

In Pahokee, Blue Devils Coach Wes Pell, back from last-minute-expensive vacation, issued his first practice call for Monday at 4 p.m., where he and assistant coaches Bill Howard and Leland Keene will face grid hopefuls. Candidates are to bring along shorts and socks, and Pell & Company will take over the toughening-up chores.

Scoutmaster Louis Mims said the boys would visit two factories in Tampa today and push on for an encampment near Chiefland tonight.

Tomorrow they'll visit Silver Springs and vicinity where they'll ride in glass-bottom boats and see the Ross Allen show and Tom Deer Ranch.

Manning Keen has contacted officials at these sightseeing spots and wangled 50 percent admission reductions, Mims said.

Scoutmaster Ed Carver, who is making the jaunt along with assistant scoutmaster "Admiral" Lindrose and Keen, warned parents to be alerted if the boys don't get home early Sunday. "It's a long trip and I'll probably be dark by the time we get back," he said.

BOTTOMS DOWN! — This wreckage slowed up traffic for almost a day in South Bay last week. Truck-born dragline pivoted when truck was pulled to side at South Bay "hijacking." Trailer had to be dismantled, dragline re-mantled, re-loaded and re-dismantled again before finishing trip to Ft. Lauderdale. Meanwhile, another 230-ton dragline was moved along Commerce Highway and onto a barge at Canal Point without undue incident.

WHO'S HOLDING THE DELAYED BG FUSE?

BELLEGLADE — Things were disarmingly quiet on the political scene here with the deadline for filing for the city commissioner election looming next week.

Politics, however, only until 4:30 p.m. Wednesday to file the names for election and thus far only Mayor Walter Ashley of centrality has filed.

Commissioner Eugene Ellis, northshore representative, as yet hasn't filed for re-election. The Ashley-Ellis post are the only commission posts up for grabs in the Sept. 11 election.

Rumblings along the political front are that there'll be plenty of action before the Wednesday deadline. The "boys" reportedly have a brace of candidates they'll get quelled before the election, either or not Ellis and/or other file for the election.

Cattle Recover From \$\$ Slump

BELLE GLADE — Cattle sales recovered Monday from previous week's slump, with 900 cattle being sold for \$27,377.73. The Ashley-Ellis post are the only commission posts up for grabs in the Sept. 11 election.

Slaughter prices were mostly steady, with steers registering up to 60 cents higher, and bulls 50 cents to \$1 higher. Sale summaries:

36 calves, 20 yearlings, 81 heifers, 238 cows, 488 steers, 15 bulls.

Dobrow Heads Pahokee Housing
PAHOKEE — Leonard Dobrow was elected chairman of the board of Pahokee Housing Authority at the annual meeting held last Friday.

Dobrow succeeds J. F. Wadsworth, who resigned the post along with Albert Fremd, Canal Point, who was re-appointed to the board by Mayor Parrish.

Other officers are: Robert Apelgren, vice-chairman; secretary - treasurer and executive director - James Douglas; secretary - treasurer, Roy Vandegrift.

Rental income from the 300-unit, three-labor, camps totaled about \$120,000 and after expenses resulted in a total of about \$12,000 to be added to the Authority's reserve fund.

Vann said collection losses amounted to only about 34 of one percent.

Scouts Off On 700-Mile Trip
PAHOKEE — Cut-rate prices were in prospect for about 30 Boy Scouts of Troop 28 who embarked early this morning on a 700-mile round-trip journey which will take them to north central Florida and back by Sunday night.

Scoutmaster Louis Mims said the boys would visit two factories in Tampa today and push on for an encampment near Chiefland tonight.

Tomorrow they'll visit Silver Springs and vicinity where they'll ride in glass-bottom boats and see the Ross Allen show and Tom Deer Ranch.

PAHOKEE — Democracy was in action at this week's city council meeting, with citizens expressing views of their opinions as follows:

Reuben Crews: "The council is elected to represent interests of the community. . . you don't know what the 3-year tax exemption would take out of the city treasury. . . it would take out \$5,000 per year. The people who have the chance to vote on this issue."

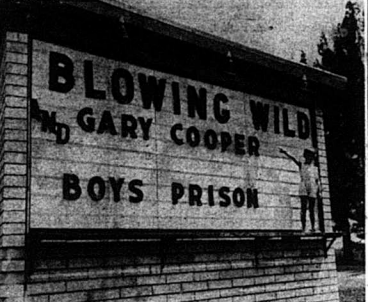

Dr. L. W. Armstrong: "I was for the tax exemption plan at first Monday night's discussions were on a broad tax exemption on some of my property. . . if you exempt taxes on \$400-500,000 in new buildings in Pahokee, the city's millage must be raised. I've talked to a lot of people and 75 to 85 percent of them are opposed to this exemption. . . it is far better to tear down present shacks and re-build, than to build on vacant lots."

(Note: Both Dr. and Mrs. Armstrong later said they believed Monday night's discussions were on a broad tax exemption base for all new buildings, not just confined to the Kahm building exemption.)

Councilman Tucker: "Millage will be lowered this year. City now realizes \$70 per year from vacant lots. If the new millage is nine mills, city would receive \$630 per year for five years with new \$100,000 building on the lot. The city should give incentives to new businesses if it's good for citizens. As times change, laws have to change. A good superintendent would take out of home and benefit other retailers."

John Dulany, ex-mayor: Most of us living here a long time realize the city is standing still. I favor taking steps to see our town grow. Quit thinking about me individually and think about the community-at-large. Millage on stock in the new store would offset loss of income from tax exemption."

Elmer "Babs" Upthegrove: "I was born and reared on the lake and have managed our grocery business from a \$50 a week business to \$165,000 a year. If you grant this exemption you are letting anybody with capital to come in and say 'move over here, I'm moving in.' Robert Simonson, ex-councilman, "I don't know what consumption tax is, but if someone wants to come to Pahokee to make a \$100,000 investment, they know what they are doing. If (tax exemption)

GLADES TUTORS READY; FIRST GRADERS REGISTER AUGUST 30

An army of schoolmarms and 'dads are on hand in the Glades for the opening of the new school term Sept. 4, the day after Labor Day.

Pahokee's 35 teachers and Belle Glade's 47 instructors are awaiting their first call to arms Tuesday, when they'll congregate for the first time to put the polish to their final pre-school plans.

Right up until school opens, the teachers will be busy in local conferences in their own schools and in West Palm Beach, Lake Worth and Ft. Pierce.

First flurry for pupils will come Aug. 30, when parents of all first graders are requested to bring their offspring to their respective schools for registration.

The Aug. 30 registration will be for first graders and parents only, and will be held from 9 a.m. to noon in all county schools.

All parents must bring their child's birth certificate and turn in health records from family physicians, on Aug. 30, even though the youngsters may have registered in May. Parents will be advised as to school regulations and what supplies they must furnish their children.

Registration for grades 2-12 will not be held until Sept. 4. New teachers include:

TEENAGERS TO MEET
PAHOKEE — An organizational meeting of the proposed new Teen Age Club will be held Wednesday at 7 p.m. on the second floor of City Hall.

Go-Planner Douglas Gillis announced yesterday. All Pahokee and Canal Point teenagers are invited to attend.

PAHOKEE — The water chief said, "As a result, we're drinking stagnant — though pure — water."

Pahokee employees are using extra amounts of activated carbon to cleanse the water, but a minute stuffy tang remains in the water, more in evidence the further removed the water is from the filtration plant.

You can't back down from reality. If you don't meet a problem face to face, it will slip up on you from behind and knock your block off.

PAHOKEE — The "Five 542-Minus One" and Keith Padgett ended the weekly winners of Malcolm Millar Talent Night. The winners will vie for the grand prize in the series' finale Tuesday night at the Prince Theatre in Pahokee.

The "Five Five" won this week's contest and is composed of Chuck Elliott, Joan Darden, Donna Lee Upthegrove and Keith Padgett.

The finale in the Millar Belle Glade contest will be held on Thursday night at the Hugo Theatre.

Council Okays Tax Cut Temp. On The Kahn Bldg.

PAHOKEE — Initial approval for certain tax exemptions on a proposed new \$100,000 business edifice to be built by Joseph Kahn was given by the city council in its regular meeting Monday night with a near-capacity audience of 50 Pahokians in attendance.

After hearing pros and cons from many of the taxpayers present, council passed by a 4-1 vote the first reading of an ordinance which would grant the exemptions. Voting for the proposal were Council President George Tucker, Jr., and Councilmen John Hutton, Edgar Wilder and Loren Meredith. Casting the "nay" was Councilman Mrs. L. W. Armstrong.

Meredith moved to dispense with rules and immediately give the ordinance a second reading which would allow work on the project to begin at once. The motion requiring unanimous approval, but again Mrs. Armstrong's second, causing second and final reading of the ordinance to be placed on the agenda for the Aug. 27 meeting.

Plans and profiles of the proposed sidewalk construction project along the lake-side of East Main St. were presented by Engineer August T. Pickett, who said the cost of the project would likely run about \$2.77 per linear foot.

Property owners Robert Simonson and Mrs. W. H. Brewton objected to the project, the latter stating she had signed the original petition for the "walk under the aggression cost would be about \$1.77."

Councilman Wilder suggested that all property owners should be contacted about the project, and President Tucker requested the city clerk to write them urging their presence at the Aug. 27 meeting so final decision can be reached on the \$15,000 proposal.

District Veep Advises Jaycees
PAHOKEE — Words of inspiration for continuance of their plans to improve Pahokee Harbor were conveyed upon Pahokee Jaycees at their dinner meeting Wednesday night by Dr. Herbert Stevens, District 8's state Jaycee vice-president from Ft. Lauderdale.

Jaycees can accomplish any civic job they put their minds to," Dr. Stevens said.

President "Sonny" Brown presided over the meeting, which included a favorable report from Ed Carver as to Jaycee participation in supporting the proposed Moral and Safe Driving League for area teenagers.

It was announced the organization will hold its first charter night banquet and installation of officers on Sept. 14, with a public dance to follow.

Among those announcing their intentions of attending the annual Jaycee summer conference in Miami next week was Brown, Dr. Richard Lane and Dick Buynington.

Teenagers of Pahokee merit the public's full support in getting their "law court" set up, for no other reason than that it may in the long run save taxpayers' money, since the court is a positive step toward wholesome youth activities, and away from juvenile delinquency. J. Edgar Hoover says crime costs \$122 a year for every man, woman and child in the U.S. For every dollar spent for education, crime costs \$1.46; for every dollar given churches, \$13 goes toward controlling crime.

Heavens to Betsy! OBSERVER isn't psychic, but we hope y'all benefitted from the hurricane tips we printed last week, not knowing that Betsy would threaten to swirl this way.

Listening to the Democrats stress again and again the "General" Eisenhower part of the administration, we still will take the present administration in preference to a repeat performance by some of the forces and influences which operated under Captain Truman.

SOMETHING BIG COOKING? Congressman Jim Haley may have uncovered one of the biggest scandals of the year. It may do with a land grab deal on the Crowe Indian Reservation in Montana. Back in 1920, in order to protect the rights of the Indians, the Congress passed a law that restricted the amount of land that any one person could own in that reservation. 1200 acres was the limit.

Grazing was the principal use for this land, and the ceiling was placed on ownership to keep rich cattle barons from taking over the reservation. But that law was forgotten and overlooked by many people — and in the 36 years since then, according to Congressman Haley, some folks have literally acquired more land "than the law allows."

Haley, chairman of the Indian Affairs Committee, says that his committee has evidence showing that one group has gained possession of what is said to be 300,000 acres of this land.

About the time that Haley's committee was uncovering this irregularity, a bill was quietly introduced in the Senate which would "validate and confirm" all of the deeds issued since 1920. Haley found out about this bill. Added to what he already knew about the over-purchase of these lands by that one group, he rose up to kill the bill when it came to the House. "That's when the pressure was put on," Haley said. "I'm not at liberty to say who came to see me about this land, but judging from the names of the Senators who visited my office, I knew we were dealing with something big."

FLORIDA HOSPITALITY: This one should be called the grand tour. Sixty secretaries from Capitol Hill will visit Miami from Aug. 24 through the 31st. They'll fly down—stay at the beach — be entertained by various civic groups — and will be shown every possible courtesy and favor—including dates.

That's right! Dates. The tour was cooked up by John Buckley, administrative assistant to Congressman Fawcett, and Kay Eckles, Congressional Representative of National Airlines. They set up the tour to coincide with the Florida J-C Summer Conference. The J-C's will meet the plane — and there will be an escort for every secretary. As Buckley says, "This should be the finest trip anyone ever had. Boating, dancing, parties, fishing — if anybody wants to fish — a trip to Key West. These girls will let more for their money than any trip they could have taken — anywhere."

CAPITAL VISITOR: Just before the Hollands left for the convention in Chicago, they enjoyed a brief visit from their daughter, Ivanhoe. The grandchildren, Gus King and Mary Holland King, stayed behind in Florida this trip.

Pahokians: Here's What Juveniles Say They Need

BY DOUGLAS GILLIS

ED. NOTE: Ronnie Hitchcock and Douglas Gillis started a crusade Saturday, Aug. 7, for the betterment of recreation facilities for teenagers and students in the Pahokee and Canal Point area.

The programs that they are putting before the civic clubs consist of two parts:

PART I —

This is the most important part of the program but without the other part neither part would be effective. Part I consists of a Teenage Club with the ages 12-19 participating in it. From this club will come the Teenage Moral and Safe Driving League, with the members that have driving licenses taking part. From this will come a teenage court, purposes of which are to be sure all juvenile drivers who are members of the Teenage Club understand the traffic laws and ordinances of Pahokee, to be sure that all students that are caught disobeying these laws will be served with true justice from teenagers of their own age, to be sure that when a student is caught breaking the traffic laws or any laws otherwise that his name is kept off of the court records, and that the sentence won't be a fine or a jail sentence but merely a suspension or probation period saying that he has to be in bed at certain time and he can't drive 'til he or she proves worthy of being in the driving club again.

There will be an advisory committee or staff but the club itself will be run by an elected staff of officers composed of students representing ninth grade and up. Don't get this mixed up with the Teenage Court because the teenage court will be composed of members of the senior class of Pahokee high school. Both the club and the teenage court will be held to a constitution and a set of by-laws for each one. The mayor and the police chief will be the advisors of the court, while the committee composed of members of the local civic clubs. The mayor and police chief will see to it that the laws are carried out honestly and correctly.

Some questions that may arise in this particular part of the program are:

1. What will the parents think about the teenage court when it hands out a suspension sentence?

If the teenager is old enough to drive he is old enough, and man enough that he should be able to take a 30- or 40-day suspension from the club and lose his driver's privilege in the teenage moral and safety driver's league.

2. Will the citizens of Pahokee be able to report all and any teenage drivers that are caught or seen driving fast or recklessly?

Yes! In fact the teenage court would be very upset to learn that the citizens who want juvenile vandalism stopped in Pahokee fail to turn in any teenager that has broken a law.

3. What would happen to the teenagers that are caught drinking or doing vandal acts?

The teenagers who are members of the Teenage Club's Moral and Safe Driving League will be suspended indefinitely from all parties and dances of the league. If they are not members they will be immediately turned over to the juvenile authorities to be notified the parents and the police.

PART II —

Teenage Club is the second part of the program, as any and all parents and adults know Pahokee is in need of a place that teenagers can call their own.

Belle Glade has a Teen Town every Friday night at the Elks Lodge. During this time the Elks vacate the lodge entirely leaving building and all its recreation facilities to the teenagers that are present. Instead of the teenagers that are caught drinking or doing vandal acts that are sold over the bar, soda pop takes over, and that and other refreshments are what is sold inside the Teen Town.

Pahokee badly needs a recreation center but it should last for at least six nights a week. Pahokee's Friday night Teen Town compared to Belle Glade's is comparing dynamite to firecrackers. You as a stranger going to our teen town would expect pool tables, shuffle board machine, ping pong tables, and other recreation facilities that would make a night full of clean fun at a teen center, but when you enter the door you are going to get a real surprise. The only recreation facility you will find is dancing. This is a lot of fun but there are some kids that don't know how to dance and wouldn't rather play pool, ping pong, cards, and other games.

The only way that the adults and teenagers of Pahokee and Canal Point can improve the situation is to get the teenagers a place that they can call their own and have it under police supervision and all profits be turned back to the police department where they can turn it into a special fund for the betterment of a teen center.

I would like to see the local dock fixed up with a refreshment stand, juke box, and have the floor fixed where the teenagers would have a place to dance. It could also have a bar or some sort where if it rained it would still be dry as to where you could dance. There are also several empty stores in Pahokee; if they could be fixed

Farm Loans For Storage

GAINESVILLE — Florida farmers can again make application for loans under the farm storage facility loan program of the Commodity Credit Corporation. Applications may be submitted until June 30, 1957, according to O. P. McArthur, acting state administrative officer of the Agricultural Stabilization and Conservation Committee.

The loan program has been in effect for five years and McArthur reports considerable use of the plan by farmers of the state. He says that 600 farmers have secured loans up until now, totaling \$610,000. The storage facilities on which loans were made cover a capacity of about 1,805,000 bushels. Farmers in 35 of the 67 counties in Florida have taken advantage of the federal service.

Growers may secure more information on loans from the local ASC office. Loans can be obtained directly from CCC or through approved lending agencies such as certain banks.

From where I sit... by Joe Marsh

Turned Out To Be a Good Break

We had a water main break last Thursday. Happened early in the morning—about two a.m.—and the first thing most of us knew about it was when we tried to turn on the faucets and nothing came out but a hissing noise.

Incidentally, the water company got a flood of payments on overdue bills that day. Lots of "forgetful" folks must have figured they were being warned!

From where I sit, sometimes our obligations slip our minds. Like the responsibility we all have to our communities — to see that our neighbors enjoy the right to decide for themselves how to work, how to vote, whether or not to enjoy a bottle of beer. Any time we "forget" we owe this right to others, we take a chance on stopping the flow of tolerance that makes this country such a grand place for us to live in.

Science And Your Health

Breaking the TB Barrier

1 The white plague is one of history's greatest killers.... Even today, TB claims a victim every 17 1/2 minutes.

2 TB is tough to fight, partly because the TB germ is protected by a hard coating.

3 Until recently only hope for TB patients was rest and lung collapse.

4 Then in 1946, a drug was found that could break TB barrier. Now others are joining the fight.

by Science Features
No drug today is 100% effective against tuberculosis. But encouraging reports of newly-discovered drugs indicate progress against the white plague has been steady and promising. The U. S. death rate, which was 209 per 100,000 persons in 1900, dwindled to about 20 in 1951.
One reason why the dread disease has been so difficult to conquer is the TB germ does its deadly work inside an almost impenetrable barrier—a hard protective coating that until recently resisted all efforts to break through it.
The first drug to challenge TB with any measure of success was the antibiotic streptomycin. Today, seven years after it was first used, it is still a major weapon in the fight, but now it has many allies.
One of these is PAS which strengthens the power while decreasing the ill effects of streptomycin when both are given together.

Church Activities In The Glades

BIBLE SCHOOL OPENS TODAY IN BELLE GLADE

The Vacation Bible School at First Baptist Church in Belle Glade, which will open at 8:30 a.m. Monday and continue daily from 8:30 to 11:30 a.m. through Aug. 29, will be preceded today by Preparation Day. The Preparation Day program was scheduled to start at 9 a.m. and to be climaxed at 11:30 a.m. by a parade through the business area of town.

Wendell Carpenter, director of music and education has announced the staff of the school. Workers in the nursery department will be Mrs. Barney Collier, Mrs. Arthur Green, Mrs. James Hendry, and Mrs. Paul Higbee. Mrs. S. N. Knight, Mrs. Wallace Lutz, Mrs. Vivian Arnette, Mrs. William Evans, Mrs. T. E. Hollingsworth, and Mrs. Lawrence Griffin will conduct the beginners department. The primary department will be under the supervision of Mrs. Sally Stein, Mrs. J. K. Baker, Mrs. S. N. McAllister, Mrs. C. T. Pennington, Mrs. W. S. Cross, Mrs. J. A. Smith, Mrs. Omar Neims and Miss Faye Herring. The juniors will be taught by a staff composed of Miss Liska Mae Humphries, Mrs. Melrose Thompson, Miss Arnette Brown, Miss Pat Figueroa, Mrs. Ralph Kirk, Mrs. Johnny Schlechter, and Mrs. William Thibaud. The intermediates will be directed by Mrs. Marvin Unwin and Mrs. Luther Jones.

Mr. Carpenter returned on Monday from a vacation in the mountains and from visiting friends and relatives in north Florida.

A full choir program will begin in the church on Sept. 1. Beginning then there will be a choir for each age group within the church.

EPISCOPALIANS CHANGE WORSHIP HOURS

Rev. Walter G. Martin, deacon in charge, has announced that services at St. John the Apostle Episcopal Church in Belle Glade will be this Sunday at 9:30 a.m. and Sunday School at 10:30 a.m. Services at the Church of the Holy Nativity in Pahokee will be held at 8 a.m. Rev. Martin will preach at St. Martin's Church in Clewiston at 11 a.m. The changes in the worship schedule of these churches is made necessary by the absence of Father John Clarence Petrie, vicar, who is vacationing in Denver, Colo.

NEW DISTRICT SUPT. AT BG METHODIST

Dr. Henry W. Blackburn, newly appointed as district superintendent for the West Palm Beach district, will be the guest speaker Sunday at the Community Methodist Church in Belle Glade. Dr. Blackburn has chosen as his subject "Beyond Duty." The Chancel choir will provide music with Milton Carpenter serving as soloist.

The Sunday evening service will be in charge of Ralph Kider, and a motion picture on "Sound of a Scone" will be shown. The Girls' Trio will sing. This service is at 8 o'clock.

The Wednesday evening prayer service this week was under the direction of Winifred Burry, Gail Allison and Jane Morris. These three young women conducted a most inspiring service.

Extensive plans are being made for the Youth Week Program, which will be conducted the last week of this month under the direction of Jerry Burry, summer youth director. Full details will be announced later. The young people of the church will find it worth their while to reserve this week in order that they may take an active part in the fine program which is promised.

The Intermediate Young People are again reminded of the recreation programs provided for their enjoyment each Monday night. Twenty-three attended last week. Recreation is offered for the Senior Young People each Thursday night, and is greatly enjoyed by those attending.

Next Wednesday night the prayer service will be conducted by Floyd Rider.

GLADES SING SCHEDULED FOR 26th; BUSINESS, TOO

W. R. Singletary, president of the Glades Singing Convention, announces that the regular fourth Sunday sing will be held Aug. 26, at Lake Harbor Methodist Church at 5:30 p.m. In addition to the musical program an important item of business will be discussed and action as to members of the Palm Beach County Singing Convention becoming affiliated with the Glades Convention. Mr. and Mrs. Singletary attended the Palm Beach County Convention last Sunday when request of the singers to be included in the Glades group was made.

MRS. BECK SPEAKS AT BG WSCS

The Women's Society of Christian Service in Belle Glade held their regular monthly meeting last Wednesday at the chapel of Community Methodist Church. Devotions were given by Mrs. R. V. Allison, and the program, which was a book review on "To Combine Our Efforts for Lasting Peace," was given by Mrs. Herbert Beck. The meeting opened at 10 a.m. with a luncheon of sandwiches, dessert and beverage served at noon. Hostesses were Mrs. Thelma Stevens and Mrs. Clarence Kider.

A report on the recent School of Missions held at Lakeland was given by Mrs. H. E. Garrett, Mrs. Allison, Mrs. Clara Gledhill, and Mrs. C. A. Thompson who attended.

The business session was presided over by the president, Mrs. Vernon Powers. Committee and circle reports were heard. Announcement was made of the district seminars to be held late in September in Ft. Lauderdale and in Vero Beach.

About 20 members attended the meeting.

CP MISSIONARY BAPTISTS BEGIN REVIVAL TONIGHT

The Independent Missionary Baptist Church of Canal Point will begin a week of revival services, starting tonight.

Brother Johnnie Sinclair, interstate missionary, will bring the message each evening. There will be special numbers during the song service. All are cordially invited to attend the meeting.

FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade CHRISTIAN SCIENCE GROUP, Canal Point

The fact that mankind can turn to the divine Mind, God, for intelligence and ability will be brought out at Christian Science services this Sunday. Keynoting the Lesson-Sermon entitled "Mind" is the Golden Text from Psalms (147:5): "Great is our Lord, and of great power, his understanding is infinite."

The practical value of understanding God as divine Mind will be emphasized in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (258:21): "The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God."

Included in the Bible readings will be the following advice of Paul to the Philippians (2:5): "Let this mind be in you, which was also in Christ Jesus."

Shirleys Meet Monday

The Gertrude Shirley Circle of the Pahokee Methodist WSCS will meet Monday night at 8 o'clock, at the home of Mrs. J. L. Tyson, jr. with Mrs. J. L. Reeves as co-hostess.

The Margery Lair and Mabel Simonsen circles of the WSCS of Pahokee First Methodist Church will have a joint meeting Monday, 3:30 p.m. at the home of Mrs. Frank Friend. Mrs. C. M. Todd will preside.

BAPTISTS OBSERVE PASTOR'S ANNIVERSARY

In observance of Rev. James E. Boyd's first anniversary as pastor of First Baptist Church in Pahokee, a special announcement will be made Sunday as to when services will be held in the new church sanctuary.

Announcement will be made by Wiley Tillis, chairman of the building committee.

In addition to completing the sanctuary building program this year, First Baptist has also erected a new pastorium in Ridgcrest Gardens and established a mission point at the Indiantown Road Camp.

Rev. Boyd's sermon title Sunday morning is "Are We Able?" The evening topic is "Why Some Marriages Fail," the fifth in a series on the theme of "Love, Courtship, Marriage."

A youth-led revival will begin Aug. 26 and run through the following Friday. Buddy Simpson and his team from the BSU department of the Florida Baptist Convention will lead in the week that has been designated Youth Week in the church.

In addition to Buddy, two other young people will be on the visiting team. Services will be held nightly and every teenager in Pahokee is invited to attend and participate in services along with every young person and adult. The week will include fellowship, singing, fun, conferences, along with soul-stirring messages in sermon and song each evening.

GLADES QUIZ:

"EGAD-LS BREVOSRE!"

- Q. Egad-Is Brevosre?
A. Yeh . . . Egad, for short!
Q. Egad! What are you talking about this time?
A. Egad! . . . Talking about plenty!
Q. Egad . . . unscramble me quick.
A. "Egad-Is Brevosre" is simply an anagram concoction which comes out **GLADES OBSERVER** when you put the letters in proper sequence.
Q. Egad, you mean when you put first things first?
A. Exactly. And **GLADES OBSERVER** comes first for wise Glades businessmen, be they near-sighted or far-sighted.
Q. Egad, how do you mean?
A. The wise Glades businessman places advertising in **GLADES OBSERVER** and puts it in his budget as a profit-making sales tool instead of a cost item.
Q. Yeh? Why?
A. Because he knows **GLADES OBSERVER** is read throughout all Glades communities by the very people he must entice into his place of business.
Q. Egad, sounds good. Sure you're not pulling my leg?
A. Egad, no! Try us with your advertising and you'll see we're pulling store traffic for you.
Q. I know they read **OBSERVER** in Pahokee and Canal Point . . .
A. Egad, yes! Our paid circulation is nearly 100 percent among permanent white families — the very segment of population wise Glades

businessmen must woo to keep 'em buying at home.

- Q. You say Pahokee and Canal Point . . . but do they read **GLADES OBSERVER** in Belle Glade and South Bay?
A. Egad, and how! Chosen and Lake Harbor, too.
Q. Egad, how come all these people avidly want to read **GLADES OBSERVER**?
A. You figure it out . . . might be because people in all Glades communities can read **OBSERVER** and know all about what's going on in their respective city governments and what's with their friends and neighbors.

"Way back when we brought a Glades hospital situation to public attention. And, during the past several months readers have learned exclusively in **OBSERVER** about: Texas Cattleman Morgan Moves To Glades To Raise Cattle, Bill Pierce's Amazing Invention Of Ramie Processing Machine, Death Of Inmate At Prison Farm Without Medical Attention, to mention just a few "scoops."

- Q. Egad, just what does this mean for advertisers?
A. Just that **OBSERVER** can deliver a heap of readers throughout the Glades to its advertisers, building store traffic and sales for 'em.
Q. With school about to start and people returning to Glades in droves, I'd better get my advertising started in **OBSERVER**.
A. Egad, yes . . . and NOW!

Chin-Kung, a Chinese philosopher, discovered tea almost 5,000 years ago, when tea leaves fell into water he was boiling.

Lead tea was discovered in 1904 during a heat wave of the St. Louis World's Fair. To help cool parched throats, a tea merchant served tea poured over cakes of ice. Word of this new thirst-quenching drink spread quickly.

Today, Americans drink more than 10 billion glasses of iced tea each summer. Most people drink one glass in long, cooling swallows to quench their thirst—then slowly sip another for pure enjoyment. Dr. Richard Jenkins, psychiatric research chief of the Veterans' Administration, says the iced tea custom helps maintain "balance" that adds to the enjoyment of summer living.

refreshments of birthday cake, cookies and Cokes were served to about a dozen little friends. Favors of bubble sets were given to the guests.

Medfly Spray Killed Dogs?

PAHOKEE — Can Medfly spray kill pets? Possibly but not probably, says a Miami State Plant Board official. Definitely, says Mrs. E. L. Pope, Chamber of Commerce secretary.

Mrs. Pope says that five of her six-week-old puppies died on a recent Saturday hours after their milk in open pans had evidently been polluted from Medfly spray dropped from hedge-hopping planes.

They died from a stomach disorder which could have been caused by conceivably nothing but the spray," Mrs. Pope says.

Bob Rathbone, the Miami official, was advised of the rumored poisoning by OBSERVER this week, and said Plant Board inspectors had investigated earlier rumors of dog poisoning in Homestead, but had never found clear evidence of the spray causing death to any animals.

He did say there is potential danger of animal poisoning if granular dieldrin is improperly used in ground spraying. It can cause "cholin esterase" in dogs, detected when the canines vomit, he said.

Mayor stated that Pahokee has until Dec. 1 to use the money for harbor improvements. President Tucker named a committee consisting of himself, Councilmen Hatton and Wilder, and Oscar Dobrow and Joe Cherry, Jr., to determine how money is to be spent.

HEARD Councilman Meredith, head of the police department, say he had ridden in controversial police cruiser and found that "it looks like it is in pretty good shape, although the motor is not in top shape." He said the department has a policy of trading for new cars on alternate years, and he hopes the hassled-over auto can be traded when funds are available.

Local Talent In TV Finals

As the Observer went to press last night, Miss Linda Hand, daughter of Mr. and Mrs. Lester F. Hand of Pahokee, and Horace Scruggs of Canal Point, were awaiting their turn to appear on WCAT-TV, West Palm Beach, on the Kate Coffey Talent Show.

Linda planned to do a toedance routine and Horace was to sing "Ready Teddy," accompanied by Kenny Williamson on the guitar.

This was the grand finale, both Horace and Linda having won the most weekly votes several times previously. Last night's winner was to be selected by judges and the grand prize was an all-expense paid trip to Cuba.

Tax Refund For Teenage Workers

WEST PALM BEACH — Parents of youngsters who are working during the summer vacation were reminded today by Laurie W. Tomlinson, district director of the Internal Revenue Service, that under certain circumstances their children may still be claimed as full exemptions for federal income tax purposes.

The children themselves may be entitled to refunds in whole or part of income taxes withheld from their wages during their employment. The special exemption rule, Mr. Tomlinson explained, applies to children who will still be under 19 years of age at the end of the year and to children who are full-time students, regardless of age.

Exemption may be claimed by parents if they contribute more than half the child's support, regardless of the amount earned by the child. This new law was passed by Congress in 1954. Mr. Tomlinson explained. Prior to 1954, no person earning \$600 or more could be claimed as a dependent by another taxpayer. Inquiries received, however, indicate that many who are entitled to this benefit are not aware of it. And some parents continue to have their dependent children stop work before earning \$600.

Children 19 and over must be engaged in full-time study at a recognized educational institution for at least five months of the year or must be pursuing a full-time accredited on-farm program.

Mr. Tomlinson said that any questions regarding individual cases should be referred to the district office, Temple 2-8669.

IT'S UP TO YOU

By Howard E. Kerahner, L.H.D.

The Press reports that the Ford Foundation has given \$250,000 to investigate "impediments in the provision of adequate housing and the means to remove these impediments."

Not much investigation is needed to discover these "impediments." First there are high taxes, featherbedding and slow-down or limited work, which make the cost of housing prohibitively high for the individual owner and unprofitable for the would-be investor in rental property.

As for the use of municipal, state and federal funds to subsidize housing, in spite of the fact that the people who are most in need of housing know it does, and there is still a reluctance to authorize unlimited expenditure.

These we believe are the main factors which "impede the provision of adequate housing for all groups."

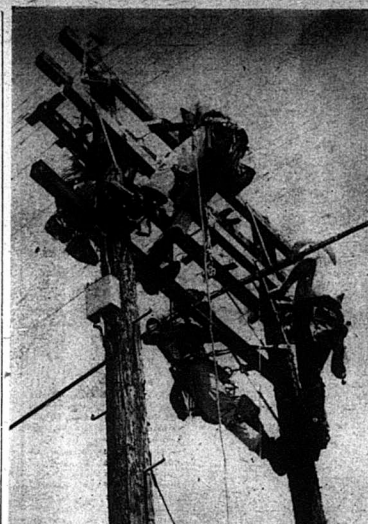

To ask why we can't all have all the housing we want is a good deal like asking why we can't all have all the things that we want. The answer to both questions is of course the cost and work involved in producing them. Lowering the cost of production, which means less government, lower taxes, more automation, less featherbedding and limiting of output and high integrity on the part of all of us as servants of one another, is the way to solve the problem of an insufficient supply of all useful commodities as well as of housing.

POST OFFICE AWARD TO MRS. KEESEE

BELLE GLADE — A certificate of award as official commendation and appreciation for contributing a beneficial suggestion to the postal service was presented this week to Mrs. Dorothy B. Keesee, a regular clerk at the Belle Glade post office, from the Post Office Department. Presentation was made by Assistant Postmaster Rosa A. Nash.

With the certificate, Mrs. Keesee also received a cash award of \$12.50. The award and certificate were presented for her suggestion to the department of a combination stamp for use in returning CDD parcels to the sender. Heretofore three stamps have been used in place of the suggested one, and with the adoption of the combination stamp it was found locally that half the time that had been consumed in preparing a parcel for return was saved.

Mrs. Keesee was notified that it was regretted by the department that a nation-wide adoption of the suggestion could not be made due to the fact that a similar stamp could be found as a stock item that could be made up as directed by the postmaster.

Mrs. Keesee has been employed by the local post office since Aug. 16, 1946, when she went into the service as a temporary substitute clerk. This was before her marriage. On Dec. 16, 1952 she was promoted to regular clerk. She is the main distributor at the local office.

Cattlemen Classes Begin Monday

GAINESSVILLE — School bells will be ringing soon — not for the children but for Florida's cattlemen, starting Monday.

The occasion will be the Annual Cattlemen's Institute. This school is directed by the Florida Agricultural Extension Service and sponsored by the Florida Cattlemen's Association. It will be held at the new 4-H Club Camp Cloverleaf near Lake Placid. Dates are Aug. 20 through 22.

The cattlemen will get down to serious business Tuesday when forage and grain crop varieties suitable for central and south Florida will be outlined by Dr. D. W. Jones, assistant soil technologist and J. E. McComb, assistant agronomist at the Range Cattle Experiment Station. Ona Pace will speak on costs and returns from salvage. Sessions on grading and marketing cattle will begin Wednesday with a talk by R. L. Redden, assistant agronomist and chairman of the Agricultural Extension Service. Producers, packers and marketing men will take part in other discussions.
